

# Reisopack®

**Semi-automatic side sealing strapping  
Machine stainless steel**

**2400**

*Strapping technologies*

**The economic  
solution  
in marine  
atmosphere**

**High performance semiautomatic strapping machine. Electronic adjustment of tension, heating and length of the strap.**

- Own technology using first quality components.
- Aluminium head set and tension roller treated ensure long life to the machine.
- Head in lateral position makes the machine completely adaptable to packaging lines.
- The position of the head allows the strapping of specially difficult packages as: packages of little width, wooden packages, products that remove residuals that could dirty the head, etc...
- Body in stainless steel AISI 316 with system of auto-lubrication of the head, specially suitable for meat and seafood industries.
- Tension electronically adjustable through a magnetic clutch to get the strongest tension without any physical effort.
- Electronic control of the tension, heating, cutting and length of the strap.

### 2400

## Semi-automatic side sealing strapping Machine stainless steel

- Electric adjustment of the cooling after sealing to get better sealing quality, especially for hard packages (wood, iron, etc).
- Light and easy to move because its breaking castors.

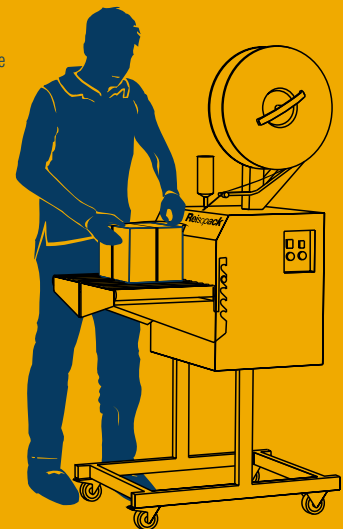

#### OPTIONS:

- Auto-lubrication of the head.
- Roller table.
- Model 1402 available in stainless steel.

Detail of the auto-lubrication system.

The table height is adjustable in different positions.

#### CHARACTERISTICS

- VOLTAGE:** 220 V / 240 V - 50 / 60 Hz. Single phase.
- ELECT. CONSUMPTION:** 0,5 Kw.
- APROX. PRODUCT:** 15-20 packages / minute.
- PACKAGING DIMENSIONS:** 1 package (75 Kg.).
- 64 X 94 X 93 cm.

#### TECHNICAL SPECIFICATIONS

- STRAP WITH:** 6-8-12-15,5 mm. **STRAP THICKNESS:** 0,50-0,85 mm.
- HEATING SYSTEM:** Electrical heating.
- Heating temperature and cooling time adjustable.
- OPTIONS:** Auto-lubrication of the head. Roller table.
- Model 1402 available in stainless steel.

01/04 Edition -We reserve the right to made any modification without prevention.
